

MEET THE MONSTER. IT'S HUGE. IT'S LOUD. IT ROARS WITH V6 POWER. HOLD TIGHT FOR THE ULTIMATE THRILL RIDE.

Your helmet and protective gear are on. Your driver has strapped you in securely. High up on the Monster 4x4's back you feel your adrenaline begin to pump. With a roar and utilising its massive suspension, it accelerates into the bush and tears up a steep track. The 4x4's unique 4 wheel steering mechanism helps to power through NZ Native Bush, up and down near-vertical slopes tackling the 'Widow Maker' and the 'Loggers Long Drop'. Your knuckles are white as trees brush past. It twists. It bucks. It swerves. It tilts. Every part of your body will be holding on tight.
